

YCG OPEN HOUSE

MARCH 17th & 18th 8a-2p

We're very excited for our very first open house! YCG has so much to offer and we want everyone to stop by to see the many product offerings that we currently have.

We're also excited to feature products from Armor Upfitters! The owner, Billy Gibbons, is kind enough to make a trip from Texas to join us and answer all of your questions. We will do live demos each day shooting the Armor Upfitters products with various sized guns so you can see, in person, the amazing protective power!
