Dear Valued Calibration Customer,

We've updated our pricing for 2026 and are offering two options:

- **PREPAY**, available through end of day (E.O.D.) **December 12, 2025**
- **PAY-PER-CAL**, available after that date

Please note: **PREPAY does not require early payment**, only submission of your completed form by **E.O.D. December 12, 2025** to secure the discounted rate. **PAY-PER-CAL** submissions must be received by **E.O.D. December 18, 2025** to avoid any disruption in your calibration services. After that deadline, we'll begin adjusting schedules based on received agreements. You can review our 2026 pricing and payment policy on the Calibration Agreement page at www.the-YCG.com/calibration-agreement. Be sure to reference these details when completing your 2025 Calibration Agreement form.

If you have any questions or concerns, feel free to call our office at 570-494-1150, we're happy to help.

Information to help with any questions you may have regarding the calibrations:

ON-SITE CALIBRATIONS

- An On-Site Fee of \$150 will be charged for each stop.
 - The host department will be invoiced in the same manner as their calibrations (Prepay or Pay-Per-Cal) unless otherwise instructed.
- Tentative calibration dates are included with your certificates. Final dates and times are emailed via MailChimp two weeks prior to service. You can sign up multiple recipients—just click **"Sign up for Calibration Reminders"** on our homepage under **Reminders & Announcements**.

CALIBRATIONS AT YCG's FACILITY

- No fee charged; appointments should be scheduled in advance to alleviate your wait time. We may not have a technician working in the shop, so appointments are encouraged.
- We will email the Primary Speed-Timing Contact prior to your certification expiring to let you know an appointment needs to be scheduled.

MAIL IN EQUIPMENT TO YCG

- You'll be invoiced at our Pay-Per-Cal rate plus a \$15 tracked shipping fee for small packages or thick envelopes. Return shipping may be included with your equipment if preferred.
- Accounts not in good standing (see Payment Policy) must pay before services are performed. Equipment left unpaid at YCG for over 30 days will be surrendered.
- We will email the Primary Speed-Timing Contact prior to your certification expiring to let you know an appointment needs to be scheduled.

Submitting your calibration agreement is essential to maintain preferred customer status. Active calibration customers receive discounted service pricing, 5% off products (website code available), and Net-30 payment terms. Without a current agreement on file, all products and services will be due upon receipt.

If you have any questions, please don't hesitate to give us a call. From all of us at YCG, thank you and be safe!
